

Defining YOUR FOREVER

THE ULTIMATE BRIDAL WORKSHOP
TO HELP YOU SHAPE YOUR WEDDING DAY

SUN, 10 SEPT 2017
London Marriott Hotel
Regents Park

by STUDIO INCORPORA

Defining Your Forever is a unique and engaging workshop on wedding planning for brides-to-be. This is not a wedding fair, where you'll meet hundreds of potential suppliers and possibly leave feeling overwhelmed. Instead, this is an intimate training experience where you'll be shown in an enjoyable, relaxed and focused way how to successfully plan and design the wedding you'd love, not only in line with your budget but one which is truly, personally YOU.

In the stylish setting of the London Marriott Hotel Regents Park, a stone's throw from Primrose Hill, you'll be guided by Studio Incorpora founder Giulia and her partner in Italy, Alice, through the fundamentals of wedding planning.

From establishing a budget and timeline, to the selection of suppliers; from the theme choice and décor to the management of your guests; all of this packed with tips and insights from their own first-hand experience.

What's more, you'll be able to meet some of their favourite suppliers in person, as well as viewing various demos and taking away some special hand-picked samples. And the icing on the cake? The day includes a delicious buffet lunch courtesy of the Hotel, over which you can chat to other brides-to-be in the same boat.

Let us lead you away from the ordinary and help you to create your unique wedding day.
